About College Night

TMEA, in conjunction with the Texas Association of Music Schools, sponsors the annual College Night during the TMEA Clinic/Convention in San Antonio. Over 2,000 All-State students, members of Texas Future Music Educators chapters, Association of Texas Small School Band students, and Two Year College All-State members are informed of this event and invited to attend. College Night also appears as a scheduled event in the convention program to attract additional attendees.

Over 3,000 students and parents attended 2010 College Night.

Benefits of Exhibiting

College Night provides a setting for representatives of colleges and universities to disseminate information regarding their institution's educational programs to All-State students, members of Texas Future Music Educators chapters, and undergraduate and graduate students who are in attendance at the convention. Every effort is made to stress to these students the importance of this event and the opportunity it provides them.
